

LANINVER SHC, S.L.

Independent Verification Report
31 December 2018

This version of our report is a free translation of the original, which was prepared in Spanish. All possible care has been taken to ensure that the translation is an accurate representation of the original. However, in all matters of interpretation of information, views or opinions, the original language version of our report takes precedence over this translation.

INDEPENDENT VERIFICATION REPORT

To the shareholders of Laninver SHC, S.L.:

Pursuant to Article 49 of the Code of Commerce, we have verified, under a limited assurance scope, the accompanying Non-Financial Statement (“NFS”) for the year ended 31 December 2018 of Laninver SHC, S.L. and subsidiaries (hereinafter Laninver or the Entity or the Group) which forms part of Laninver’s consolidated management report, being presented in a separate document.

Responsibility of the Board of Directors

The preparation of the NFS included in Laninver's consolidated management report and the content thereof are responsibility of the Board of Directors of Laninver SHC, S.L. The NFS has been drawn up in accordance with the provisions of current mercantile legislation and with the Sustainability Reporting Standards of the Global Reporting Initiative (“GRI Standards”) in line with the details provided for each matter in the chapter “8. Regarding the Non-Financial Statement - Table required by Law 11/2018 of 28 December” of the mentioned NFS.

This responsibility also includes the design, implementation and maintenance of the internal control considered necessary to allow the NFS to be free of any immaterial misstatement due to fraud or error.

The directors of Laninver SHC, S.L. are also responsible for defining, implementing, adapting and maintaining the management systems from which the information required to prepare the NFS is obtained.

Our independence and quality control

We have complied with the independence requirements and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (“IESBA”) which is based on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

Our firm applies the International Standard on Quality Control 1 (ISQC 1) and therefore has in place a global quality control system, which includes documented policies and procedures related to compliance with ethical requirements, professional standards and applicable legal and regulatory provisions.

The engagement team has been formed by professionals specialising in non-financial information reviews and specifically in information on economic, social and environmental performance.

Our responsibility

Our responsibility is to express our conclusions in an independent limited verification report based on the work carried out in relation solely to fiscal year 2018. The data relating to previous years were not subject to current mercantile legislation. Our work has been carried out in accordance with the requirements laid down in the current International Standard on Assurance Engagements (ISAE) 3000 Revised, Assurance Engagements Other than Audits or Reviews of Historical Financial Information (ISAE 3000 Revised) issued by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC) and with the Guidelines for verification engagements on non-financial statements issued by the Spanish Institute of Auditors (“Instituto de Censores Jurados de Cuentas de España”).

In a limited assurance engagement, the procedures performed vary in terms of their nature and timing of execution, and are less extensive than those carried out in a reasonable assurance engagement. Accordingly, the assurance obtained is substantially lower.

Our work has consisted of posing questions to Management and several Laninver units that were involved in the preparation of the NFS, in the review of the processes for compiling and validating the information presented in the NFS, and in the application of certain analytical procedures and review sampling tests, as described below:

- Meetings with Laninver personnel to ascertain the business model, policies and management approaches applied, the main risks related to these matters and to obtain the information required for the external review.
- Analysis of the scope, relevance and integrity of the contents included in the NFS for 2018, based on the materiality analysis carried by Laninver, considering the content required under current mercantile legislation.
- Analysis of the procedures used to compile and validate the information presented in NFS for 2018.
- Review of information concerning risks, policies and management approaches applied in relation to material issues presented in the NFS for 2018.
- Verification, through sample testing, of the information relating to the content of the NFS for 2018 and its adequate compilation using data supplied by the Laninver’s sources of information.
- Obtainment of a management representation letter from the Directors and Management.

Basis of the qualified opinion

The Group does not include in its NFS the information regarding: average remuneration and its evolution disaggregated by sex, age and professional classification or equal value; average remuneration of Directors and Managers disaggregated by sex; benefits obtained country by country, as required by article 49.6 of the Commercial Code.

Qualified opinion

Based on the procedures performed and the evidence we have obtained, except for the effect of the issues described in the section “Basis of the qualified opinion” of this Report, no matters have come to light that might lead us to believe that Laninver's NFS, for the year ended 31 December 2018 has not been prepared, in all its significant aspects, in accordance with the provisions of current mercantile legislation and the Sustainability Reporting Standards of the Global Reporting Initiative (“GRI Standards”) in accordance with the details provided for each matter in the chapter “8. Regarding the Non-Financial Statement - Table required by Law 11/2018 of 28 December” of the mentioned NFS.

Use and distribution

This report has been drawn up in response to the requirement laid down in current Spanish mercantile legislation and therefore might not be suitable for other purposes or jurisdictions.
